

VANSH SHARMA

B.Tech Computer Science & Engineering (Core) | JECRC University, Jaipur

New Delhi / Jaipur, India | Email: vanshsharmabtech@gmail.com | GitHub: vanshsharmabtech09 | Portfolio: vansh.dev

EDUCATION

JECRC University, Jaipur	2026 - 2030 (Expected)
Bachelor of Technology (B.Tech) - Computer Science & Engineering (Core)	
Relevant Coursework: Programming for Problem Solving (C/C++), Discrete Mathematics, Digital Logic, Web Tech	
Govt. Co-Ed Sr. Sec. School, Dwarka, New Delhi (CBSE)	Completed 2024
Class XII Senior School Certificate Examination - Science Stream (PCM) Result: 83.4% Distinction	
Highlights: Chemistry 88/100 (A1), Physical Education 90/100 (A2), English 85/100 (B1), Hindi 84/100 (A1), Math 82/100	
Govt. Co-Ed Secondary School, New Delhi (CBSE)	Completed 2022
Class X Secondary School Examination Result: 78.0% Merit (Social Science: 88, Hindi: 82, Science: 76)	

TECHNICAL SKILLS

Programming Languages:	C (Pointers, Memory, Structs), C++ (OOP, STL Basics), Python (Foundations), JavaScript (ES6+)
Web Technologies:	HTML5 Semantic Markup, CSS3, Flexbox, CSS Grid, Responsive Web Design, Canvas 2D
Core CS Concepts:	Data Structures & Algorithms Basics, Object-Oriented Programming, Computational Logic
Developer Tools:	Git, GitHub Version Control, Visual Studio Code, Windows Terminal, Chrome DevTools

PROJECTS

Student Record Management System	C++, File I/O, Data Structures, CLI	GitHub Repository
* Engineered a modular CLI database program in C++ with persistent binary file I/O operations.		
* Implemented records addition, modifications, GPA computations, and linear/binary searching algorithms.		
Interactive 3D Cyber Portfolio Engine	HTML5 Canvas, CSS3, JavaScript ES6+	Live Project
* Designed an interactive personal portfolio featuring a 60 FPS real-time 3D perspective canvas horizon.		
* Incorporated interactive code terminal, particle constellation simulation, and dynamic light/dark theming.		
Engineering SGPA & Grade Calculator	JavaScript, DOM Manipulation, CSS Grid	GitHub Repository
* Built a responsive client-side tool allowing university students to compute weighted SGPA across credit courses.		
Tactical Logic Quiz & Decision Simulation	C++, Object-Oriented Design, CLI	GitHub Repository
* Programmed an interactive command-line quiz in C++ with OOP classes, conditional routing, and score tracking.		

CERTIFICATIONS & KEY ACHIEVEMENTS

* Programming for Problem Solving in C - JECRC University, Jaipur (Academic Competency)
* CBSE Class XII Senior Secondary Certificate - 83.4% Science PCM High Distinction (Dwarka, New Delhi)
* CBSE Class X Secondary School Examination - 78.0% Merit Distinction

EXTRACURRICULAR & STRATEGIC INTERESTS

* Cricket: Dedicated outdoor athlete; builds physical endurance, team coordination, and dynamic on-pitch leadership.
* Competitive Esports (Valorant, Free Fire): Fosters fast situational awareness, tactical comms, and composed decision-making.
